Cambridge International General Certificate of Secondary Education - Information and Communication Technology (0417)

Cambridge IGCSE

The International General Certificate of Secondary Education (IGCSE) is the world's most popular international qualification for 14 to 16 year olds. It develops successful students, giving them excellent preparation for their next steps in education, including progression to A and AS Level study, and equips them with skills for immediate employment. Cambridge IGCSE is recognised by universities and employers worldwide.

Information and Communication Technology is an applied subject and all candidates will require frequent access to computer and Internet facilities to develop their skills.

Curriculum Content

The curriculum content is set out in sixteen interrelated sections. These sections should be read as an integrated whole and not as a progression. The sections are as follows:

1. Types and components of computer systems
2. Input and output devices
3. Storage devices and media
4. Networks & the effect of using them
5. The effects of using ICT
6. ICT applications
7. The systems life cycle
8. Safety and security
9. Audience
10. Communication
11. File management
12. Images
13. Layout
14. Styles
15. Proofing
16. Graphs and charts
17. Document production
18. Databases
19. Presentations
20. Spreadsheets
21. Website authoring

Futurekids studied the curriculum content and divided the content into seven different modules. The modules are as follows:

Module	Section(s) Covered
Module 1: Presentation Authoring	12, 19
Module 2: Data Analysis	16, 20
Module 3: Website Authoring	12, 21
Module 4: Data Integration	13, 14, 15, 17, 18
Module 5: Computer Systems & Networking	1, 2, 3, 4, 8, 10
Module 6: Application and Effects of ICT	5, 6, 9, 11
Module 7: Systems Analysis and Design	7, 15

Scheme of Assessment

All candidates will be entered for Paper 1, 2 and 3.

Paper 1 (1 hour 30 minutes)
A written paper of 100 marks which contain mainly questions requiring a short response, a word, a phrase or one or two sentences, although there will be some questions requiring a more extended response. There will be no choice of questions.

Paper 2 and 3 (2 hours 15 minutes each)
The practical tests focus on the candidate's ability to carry out practical tasks rather than to explain the theory of how the tasks are completed. Candidates are assessed on their ability to complete these tasks.

All 3 papers will take place at FUTUREKIDS Computer Learning Center, by means of a CIE-set assessments, under controlled examination conditions. The documentation and printouts produced in the assessment will be externally marked by CIE.

Weighting of Papers

Paper	Weighting
1	40%
2	30%
3	30%

Examinations Schedule

Examinations are held in June and November each year with results issued in August and February respectively.

Grading System

Grading is on an eight-point scale (A*–G) and grades A to E are equivalent to O Level grades A to E.

Recognition

IGCSE is a high profile qualification. It has exactly the same value in admitting students to institutes of further education and employment as the UK equivalent – GCSE.
- ◊ *IGCSE is comparable with GCE O Level and the UK GCSE*
- ◊ *IGCSE has an excellent reputation amongst international schools worldwide*
- ◊ *IGCSEs are recognised as a reliable record of attainment which counts towards entry to universities and colleges around the world*
